

SHIMARK AHMED

IT Project Manager

+94 76 7455 458 · shimark.ahmed.2002@gmail.com · linkedin.com/shimark-ahmed · Portfolio

PROFESSIONAL SUMMARY

Results-driven IT Project Manager with **2+ years of experience** delivering Agile projects across fintech and municipal technology domains. Proven ability to facilitate full SCRUM ceremonies, manage product backlogs, gather business requirements, and lead cross-functional teams across multiple time zones consistently achieving **100% on-time milestone delivery**. Holds PMP, Google Project Management, and IBM Business Analysis certifications.

PROFESSIONAL EXPERIENCE

Project Coordinator | **Optimo Gov** · London, England

April 2025 – Present

- ▶ Led end-to-end Agile coordination for municipal venue and facility management systems, managing scope, timelines, and stakeholder expectations across the full project lifecycle.
- ▶ Facilitated all SCRUM ceremonies sprint planning, daily stand-ups, reviews, and retrospectives maintaining consistent delivery cadence for distributed teams.
- ▶ Owned backlog prioritisation and scope change management in collaboration with product owners, reducing scope creep and unplanned rework.
- ▶ Coordinated UAT cycles, defect tracking, and issue resolution, enabling smooth go-live launches with zero critical post-release incidents.
- ▶ Produced structured status reports, RAID logs, and meeting minutes for internal leadership and client stakeholders.
- ▶ Bridged communication gaps between development, QA, and business teams, improving milestone tracking and sprint velocity.

Business Analyst | **Arimac** · Colombo, Sri Lanka

August 2024 – April 2025

- ▶ Elicited, documented, and validated business and technical requirements for fintech enterprise solutions; produced BRDs, SRS documents, Change Requests, and Agile user stories.
- ▶ Refined and groomed backlog items with development teams, ensuring sprint clarity and reducing mid-sprint clarification requests.
- ▶ Supported ERP and CRM system integrations (Microsoft Dynamics 365), mapping current-state processes and defining future-state requirements.
- ▶ Modelled business processes using BPMN notation in Visio and Lucidchart, serving as a shared reference for dev and QA teams.
- ▶ Assisted sprint coordination, milestone tracking, and stakeholder reporting across multiple concurrent project streams.

Business Analyst Intern | **Qnetwork** · Ontario, Canada (Remote)

March 2024 – August 2024

- ▶ Collaborated with cross-functional teams to analyse and enhance real estate technology platforms, improving user workflows and operational efficiency.
- ▶ Conducted stakeholder interviews and workshops to gather requirements, translating outputs into structured functional specifications.
- ▶ Created process flow diagrams and system documentation using Visio and Lucidchart to improve development team clarity.

KEY PROJECTS

Peoples Pay – Digital Wallet Platform (Fintech | Arimac)

- ▶ Drove requirements gathering and documentation for a large-scale digital wallet product serving enterprise clients across multiple markets.
- ▶ Authored user stories, acceptance criteria, and system specifications consumed directly by development sprints.

- ▷ Coordinated timelines, resource allocation, and cross-functional communication to ensure on-time delivery of all milestones.

Wyndham City Council – Municipal Digital Platform *(GovTech / Optimo Gov)*

- ▷ Supported implementation of a venue and facility management system across multiple council departments.
- ▷ Managed deliverables register, issue log, and stakeholder alignment; achieved **100% on-time delivery** of all key milestones.
- ▷ Produced client-facing progress reports and internal documentation throughout the project lifecycle

Breeze – Real Estate Application *(Real Estate / Qnetwork)*

- ▷ Led cross-functional team in designing and delivering Breeze, a real estate web application enabling users to search and discover property listings.
- ▷ Developed the business model, managed stakeholder and client communications, and oversaw end-to-end project documentation to align team delivery with business objectives.
- ▷ Coordinated requirements gathering, process design, and feature scoping across design and development workstreams, ensuring on-time delivery of all project milestones.

Swing Right – Batting Correction System *(Final Year Project)*

- ▷ Sole developer and project lead for SwingRight, an AI-powered cricket shot analysis web application that processes user-uploaded videos and evaluates shot accuracy using computer vision.
- ▷ Independently managed the full project lifecycle — requirements definition, UX wireframing, UI design, technical documentation, and end-to-end web application development.
- ▷ Enhanced an existing MediaPipe pose estimation model using Python and TensorFlow to classify cricket shot technique, and built the frontend interface using React.

CORE COMPETENCIES

Project Management: Agile / SCRUM · Sprint Planning & Facilitation · Backlog Management · Scope & Change Control · Risk Identification & Mitigation · RAID Log Management

Business Analysis: Requirements Gathering (BRD / SRS / CR) · User Story & Acceptance Criteria Authoring · BPMN Process Mapping · Gap Analysis · Stakeholder Management

Technical: UAT Coordination · Defect Tracking · ERP & CRM Integration · SQL · REST APIs · SaaS Environments · Enterprise System Implementation · API Testing (Postman)

Soft Skills: Cross-functional Leadership · International Team Collaboration · Client-facing Communication · Problem Solving · Adaptability

TOOLS & TECHNOLOGIES

PM & Collaboration: JIRA · Confluence · ClickUp · MS Project · Asana · Trello · Monday.com · Slack

Data & Analytics: SQL · Power BI · Tableau · Microsoft Excel

Diagramming & Design: Visio · Lucidchart · draw.io · Balsamiq · Canva

ERP / CRM: Microsoft Dynamics 365

Development & APIs: React · HTML · CSS · Python · Laravel · Java Script · REST APIs · Postman

EDUCATION

BSc (Hons) Computer Science · Staffordshire University, UK

2022 – 2025

CERTIFICATIONS

- ▷ PMI – PMP (Project Management Professional)
- ▷ Google Project Management Certificate (Coursera)
- ▷ IBM Business Analysis Professional Certificate

PROFESSIONAL DEVELOPMENT & LEARNING

- ▷ Developing data analysis skills in **Power BI and Tableau** for project reporting and executive dashboards.
- ▷ Building familiarity with **SAFe (Scaled Agile Framework)** for enterprise-level Agile delivery.
- ▷ Strengthening **SQL proficiency** for data querying and validation in ERP/CRM integration contexts.
